Thank you to everyone to setting up, cleaning up. The members who went up and got their own lunch. We had a few problems but more liked it, thank you who offered up their salads to those who didn't have one. I apologize, this was their first catering job this large. Thank you for getting into the theme, the panel was a HUGE success most talked about good we will do it again, negative too we cut it back. Thank you, Melrose 50, to all those who participated in making our lovely cookbooks.!!!
